

YOUR PARTNER IN PROCUREMENT

ADDRESSING GOVERNMENT AND DIVERSITY SUPPLY INITIATIVES

As a certified Woman Business Enterprise (WBE), Beacom Energy assists government procurement officers make the best power, natural gas, lighting and security camera decisions for their targets. Beacom can provide insight for diversity supply through purchasing at Federal, State and Municipal government levels.

Beacom Energy can help government agencies with diversified power and natural gas as either Wholesale Power Marketer or a Retail Energy Consultant. We also provide Wholesale Distribution services for lighting and security cameras. Beacom Energy creates multiple opportunities for clients to reduce expenditures while understanding their risk tolerance, based on current and future changes within their facilities, by determining the best program.

We want to be your Best Decision in Diversity Supply.

We are capable of supplying power, natural gas, hardware and technology for most energy efficiency projects and purchasing needs. As a certified WBE, we can assist in establishing the proper request for qualifications and proposals for commercial and industrial suppliers intending to reach set-aside targets as tier 2 suppliers through corporate purchasing and procurement goals.

YOUR PARTNER IN DIVERSITY SUPPLY

ADDRESSING GOVERNMENT AND DIVERSITY SUPPLY INITIATIVES

Company History

Beacom Energy, Inc. was founded in 2000 by Jean Beacom, and has since helped over 2,000 public and private retail commercial and industrial customers, contributing to the procurement, management and service of over \$1 Billion of energy consumption, auditing, projects and distribution needs.

First, Beacom was an energy marketing company that assisted private and public sector customers in procuring their electricity and natural gas. Then, Beacom Energy responded to the need of clients with larger energy demands purchase power in the wholesale market, manage risk and plan for what comes next. As a natural evolution with sustainability efforts, energy efficiency products and green initiatives, Beacom added project management and distribution services to provide better and complete services for our diverse clientele.

Leadership

Jean Beacom, founder and president, received her undergraduate degree from DePaul University (Chicago), and an MBA from Dominican University (River Forest, IL). Ms. Beacom also received the professional certification of Energy Auditing from the University of Wisconsin, College of Engineering (Madison). Currently, Ms. Beacom anticipates attaining her Certificate in Energy Management (CEM) designation in 2016.

Ms. Beacom's career in energy began in 1997 in retail supply of natural gas. Her experience includes electricity and natural gas procurement, municipal aggregation, state procurement and management contracts, corporate sustainability planning and wholesale power purchasing.
